

## **VFW Post 10148**

### **Meeting led by the Senior Vice Commander**

**Wednesday, December 18, 2019**

**6:00 - 7:05 PM**

#### **Key Takeaways:**

- The meeting attendance was relatively low: twelve Post members and one District 8 representative. Absent officers included the Commander, the Junior Vice Commander, and the One-Year Trustee.
- The minutes from the November 20, 2019 meeting were read. The request was made to have the meeting minutes reflect the outstanding call for clarification associated with the report from the District 8 Senior Vice at the November meeting that the Post accountants had found the Canteen Manager funds determined to be missing back in July.
- One new Post membership application was presented by the Membership Chair. The individual was approved for membership.
- The QM reported the total balance in the three Post accounts as of the end of October. A request was made to provide the membership a report with the balance and activity in each account.
- A discussion was held regarding the recent spending of Post funds to contract for DirecTV. The question was asked as to when the Post membership approved the spending. Reference was made to a House Committee meeting in August 2019 as having generated the approval.
- The procedure for banning members (Post or Auxiliary) from the Canteen was discussed. The House Committee is working on a comprehensive list of banned personnel including the time frame associated with each banned individual.
- The requirement to nominate and elect a Trustee to fill the vacancy from November was addressed. After some discussion, the nomination/election was deferred until the January 2020 meeting.
- A report was made about the Wreaths Across America project with the call for our Post to support the project financially next year.
- The next Post Monthly Meeting is **January 15th** at 6:00 PM.
